

Resource: The Ability to Deal With a Situation Effectively

## Bulk Oxygen Delivery Tank Repair Service

### Valves

Valves Rebuilt  
or Replaced

### Reliefs

Complete Tank  
Inspection

### Vacuum

Tank Vacuum Pulled  
to Factory Specs

If you are not satisfied with your current cryogenic service provider, maybe its time to try something new. High Purity Resources employs over twenty years of vacuum and cryogenic experience. If your oxygen delivery tank is "sweating," fails to hold pressure or constantly vents, call us for a free written quote without obligation.

We can restore your tank's vacuum integrity to factory specifications verified by helium mass-spectrometry. All repairs are TIG weld or silver-braze. All replacement parts are the highest rated in the industry from vendors like Rego, Cash-Acme, Rockwood-Swendeman, Chart MVE, Taylor Wharton and Generant.

All Repairs are warrantied against defects in material and workmanship for six months.

Stop Wasting Gas and Improve Productivity!
